

Defended PhD Theses

2025

Faculty of Medicine -2025

Tinatn Nadiradze – Characteristics of Cognitive Evoked Potentials and Attention Parameters in Internet Addicted Children and Adolescents

Supervisor: Professor S. Bakhtadze

Consultant: Professor I. Kvachadze

Teona Tchanukvadze – Surgical Treatment of Corneal Diseases with Pyobacteriophage - Impregnated Amniotic Membrane

Supervisor: Professor N. Karanadze

Tatia Gakharia – The Role of Inflammatory Cytokines in Different Types of Epilepsy in Children

Supervisor: Professor S. Bakhtadze

Davit Iosebashvili – The Clinical Significance of Iron Deficiency in Chronic Heart Failure

Supervisors: Associate Professor I. Mamatsashvili, Associate Professor N. Lolashvili

Akaki Burkadze – Determination of Psychic Factors in Patients with Irritable Bowel Syndrome

Supervisors: Professor T. Silagadze, Professor T. Kandashvili

Lela Baidurashvili – Diagnostic Accuracy of Ultrasonography in the Diagnosis of the Shoulder Rotator Cuff Main Tendons Disorders in Complex with Magnetic Resonance Imaging

Supervisors: Professor M. Mizandari, PhD [A. Mtvaradze]

Meri Gonashvili – Morphological Characteristics of Antemortem and Postmortem Bone Fractures

Supervisors: Professor B. Kilasonia, Professor Emeritus R. Chikhladze

Lana Ezieshvili – The Significance of Echohysterosalpingography in the Complex Radiological Diagnosis of Fallopian Tube Patency Disorders

Supervisors: Professor O. Urushadze, Professor N. Kintraia

Ivane Javakhishvili – Informativeness of Markers in the Diagnosis of Various Thyroid Tumors

Supervisors: Professor Emeritus K. Mardaleishvili, Professor T. Sanikidze

Nana Gorgiladze – Left and Right Ventricular Structure and Function during the Breast Cancer Chemotherapy

Supervisors: Associate Professor M. Shavdia, Professor Z. Phagava (TSU)

Giorgi Tcholadze – The Role of Inflammatory Markers Determining Disease Course and Severity in Patients with Cardiovascular Pathologies Infected with COVID -19

Supervisors: Associate Professor I. Pantsulaia, Professor L. Ratiani

Ketevan Kakabadze – Some Aspects of the Pathogenesis Treatment and Prevention of Arterial Hypertension Target Organ Damage under Clinical-Experimental Conditions

Supervisors: Professor Emeritus I. Megreladze, Professor T. Sanikidze

Nikoloz Vashakmadze – Advantages of Mild Hypothermia (34°C) and Unilateral Cerebral Perfusion in Aortic Arch Surgery

Supervisors: Professor M. Bokuchava, Professor Emeritus Otto Dapunt (University of Graz)

Consultant: Professor Oliver Diwald

Faculty of Pharmacy - 2025

Akaki Karsanidze – Effectiveness of L – Carnitine, Coenzyme Q10, Meldonium and Their Combinations in Preventing Atorvastatin-Induced Adverse Effects

Supervisors: Professor N. Antelava, Professor N. Gorgaslidze

Mariam Nersezashvili – The Phytochemistry and Biological Activity of Selected Georgian Endemic Species of the Apiaceae Family

Supervisors: Professor D. Berashvili, Professor Kristina Stalitska Wozniak – Medical University of Lublin

Davit Gotsiridze – Development and Validation of a High Performance Liquid Chromatographic Method for the Determination of Nitrofurans Residues in Animal Products

Supervisors: Professor T. Chikviladze, Doctor of Pharmaceutical Sciences K. Baramidze

Nikoloz Todua - Study on Alkaloid Content and Evaluation of Biological Activity of Mahonia (Mahonia aquifolium (pursh)nutt.) Introduced in Georgia

Supervisors: Professor Emeritus D. Tchintcharadze, Principal Research Scientist, PhD in Chemistry N.Vachnadze

Faculty of Public Health - 2025

Gvantsa Janigashvili –The Importance of the Antioxidant Activity of Polyphenols in Enhancing the Potential Benefits of Functional Food Products

Supervisors: Professor T. Sanikidze, Associate Professor M.Giorgobiani

Merab Tatishvili – Reproductive Health Characteristics among Women with Different Employment Statuses Living in Georgia

Supervisors: Associate Professor E. Mirvelashvili, PhD A. Skhvitaridze

Saba Zhizhilashvili – The Impact of Patient Characteristics, Tumor Features and Treatment Approaches on the Survival of Gastric Cancer Patients

Supervisors: Professor I. Mchedlishvili, PhD N. Jankarashvili

Salome Voronovi– Algorithm and Effectiveness of Implementing Entrustable Professional Activity Model in Undergraduate Medical Education Curriculum

Supervisors: Professor [G.Simonia], Professor N.Vepkhvadze, Professor R. Beriashvili

Consultant – Professor Trevor Gibbs (AMEE) expresident, WFME consultant.
