

Current and Completed Doctoral Programs Accomplished Abroad

Program	Doctoral Student	Supervisor	Institution
Detection, ecology and biodiversity of vibrio cholerae isolated from recreational aquatic environments in Georgia (Medicine)	Tamar Kokashvili	G. Gogichadze G. Kamkamidze M. tediashvili	USA Maryland University
Molecular- genetic aspects of hereditary thrombophilia and their role in primary and secondary deep vein thrombosis in Georgian population (Medicine)	Levan Makhaldiani	M. Abashidze N. Pirtskhelani	USA University of Minnesota
The role of DHS Blade in management of pertrochanteric femoral fractures. (Medicine)	Paata Gudushauri	T. Nozadze	Davos, Hong-kong Sweden
Rehabilitation methods for shoulder impingement syndrome and their comparative efficacy (Medicine)	Josef Jankarashvili	M. Rukhadze	Oberstdorf Public Clinic Germany
The role of endoginal Ouabain and Marinobuphagenin in development of essential hypertension (Medicine)	Nino Kantaria	G. Simonia	National University USA, Center for Gerontology, Cardiovascular research laboratory Baltimore, Maryland, USA
Risk Markers of cardiovascular disorders during atherosclerosis among women in reproductive and menopause age (Medicine)	Levan Ratiani	M. Sulaqvelidze T. Sanikidze	University of Miami Miller Medical School
Passive, distal perfusion in surgical treatment of aortic pathology (Medicine)	Shota Svanidze	N. Lomidze K. Kuntelia	Medical University of Graz Austria

Identification of psycho emotional factors in the pathogenesis of ischemic heart disease in males and females (Medicine)	Sophio Tatishvili	G. Kavtaradze	Federal University in Toulouse
The role of CCR6 gene and oxidative stress in pathogenesis of psoriasis – study in Caucasian population (Medicine)	Maia Matoshvili	A. Katsitadze	Sapienza University of Rome
Management of implant associated infections (Medicine)	Tamta Tkhilaishvili	M. Javaxadze A. Trampuz	Free University and Humboldt University of Berlin
Genetic disorders algorithm and prognostic significance for oncology patients during radiotherapy (Medicine)	Tamar Nikuradze	O. Urushadze A. Zedgenidze	Charité Clinic, Institute of Medical Genetics, Berlin, Germany
Perfection of surgical treatment for nontraumatic diseases of the spleen (Medicine)	L. Tsamalaidze	Z. Demetrashvili	Mayo clinic Florida USA
Digital dermatoscopy for optimization of clinical and epidemiologic monitoring and diagnosis of cancer (Medicine)	Teona Shulaia	R. Ghvamichava H. Kittler	University of Vienna Austria
Effects of different methods of root canal preparation and obturation on endodontic therapy (Dentistry)	Otar Vadachkoria	M. Iverieli N. Chipashvili	Neumunster Germany
New strategy of demographic policy, analysis of demographic situation (Public Healthcare)	Jilda Cheishvili	I. Zarnadze	University of Chester UK
Development of Cytotoxic Preparation from Aerial Parts of Celandine (Chelidonium majus L.) for Targeted Delivery (Pharmacy)	Anna Bozhadze	A. Bakuridze V. Vachnadze	Fundamental scientific research laboratory Quebec University Canada
Development and standartisation of natural antioxidative preparation (Pharmacy)	Nana Shashiashvili	D. Berashvili	The University of the Mediterranean Pharmacognosy and Homeopathy Chair France Fundamental scientific research laboratory Quebec University Canada

Pharmacognostic examination of <i>Allium</i>, section <i>Allium</i> species growing in Georgia (Pharmacy)	Manana Maisashvili	J. Kuchukhidze D. Chincharadze	The University of the Mediterranean Faculty of Pharmacy Laboratory of zoology, parasitology and botany Pharmacognosy and Homeopathy Chair France Fundamental scientific research laboratory Quebec University Canada
Pharmacognostic examination of <i>Betula</i> species prevalent in Georgia (Pharmacy)	Lali Zardiashvili	J. Kuchukhidze M. Jokhadze	The University of the Mediterranean Pharmacognosy and Homeopathy Chair France Fundamental scientific research laboratory Quebec University Canada
Identifying conditions of cultivation for endemic species of family <i>Galantus</i>. <i>Phytochemical study and obtaining new galenic formulation</i> (Pharmacy)	Teona Gabaidze	A. Bakuridze M. Joxadze	Quebec University Chicoutimi, Canada
