

Faculty of Physical Medicine and Rehabilitation, VI semester

PHYSIOTHERAPY AND HEALTH RESORT THERAPY II

1. Thematic plan of a lecture course, seminars and practical training

Day	The content of lecture course
1.	<ul style="list-style-type: none">Physical factors in treatment and rehabilitation of cardiovascular system diseases
2.	<ul style="list-style-type: none">Physical factors in treatment and rehabilitation of diseases of digestive system
3.	<ul style="list-style-type: none">Physical factors in treatment and rehabilitation of diseases of musculoskeletal system
4.	<ul style="list-style-type: none">Physical factors in treatment and rehabilitation of diseases of Central nervous systemPhysical factors in treatment and rehabilitation of diseases of Peripheral nervous systemPhysical factors in treatment and rehabilitation of urological diseases and postoperational conditions
5.	<ul style="list-style-type: none">Physical factors in treatment and rehabilitation of diseases of Peripheral nervous system
6.	<ul style="list-style-type: none">Physical factors in treatment and rehabilitation of urological diseases and postoperational conditions
7.	<ul style="list-style-type: none">Physical factors in treatment and rehabilitation of otolaryngological and ophthalmological practice
8.	<ul style="list-style-type: none">Physical factors in treatment and rehabilitation of dermatological diseases
9.	<ul style="list-style-type: none">Physical factors in treatment and rehabilitation of Gynecological diseases
10.	<ul style="list-style-type: none">Application of physical factors in pediatrics

Day	The content of practical course
1.	<ul style="list-style-type: none">Methods of application of physical factors for treatment and rehabilitation of cardiovascular system diseases
2.	<ul style="list-style-type: none">Methods of application of Physical factors for treatment and rehabilitation of diseases of digestive system
3.	<ul style="list-style-type: none">Methods of application of Physical factors for treatment and rehabilitation of diseases of musculo-skeletal system (spine column)
4.	<ul style="list-style-type: none">Methods of application of Physical factors for treatment and rehabilitation of diseases of musculo-skeletal system (bones and joints)
5.	<ul style="list-style-type: none">Methods of application of Physical factors for treatment and rehabilitation of diseases of Central nervous system (traumas and cerebral diseases)
6.	<ul style="list-style-type: none">Methods of application of Physical factors for treatment and rehabilitation of diseases of Central nervous system

7.	<ul style="list-style-type: none"> • Methods of application of Physical factors in treatment and rehabilitation of diseases of Peripheral nervous system
8.	<p>Intermediate test</p> <ul style="list-style-type: none"> • Methods of application of Physical factors for treatment and rehabilitation of Eye Diseases
9.	<ul style="list-style-type: none"> • Methods of application of Physical factors for treatment and rehabilitation of urological diseases and postoperational conditions
10.	<ul style="list-style-type: none"> • Methods of application of Physical factors for treatment and rehabilitation of Otto - laryngological Diseases
11.	<ul style="list-style-type: none"> • Methods of application of Physical factors for treatment and rehabilitation of dermatological Diseases
12.	<p>Intermediate test</p> <ul style="list-style-type: none"> • Methods of application of Physical factors for treatment and rehabilitation of Gynecological Diseases
13.	<ul style="list-style-type: none"> • Methods of application of Physical factors for treatment and rehabilitation in Pediatric practice
14.	<ul style="list-style-type: none"> • Filling and registration of reporting documentation. Entering into the relevant document (out-patient book, clinical record, resort book) information on purpose of physical factors.
15.	<ul style="list-style-type: none"> • Presentation of papers and discussion
Examination (testing)	

2. Criterias of student`s progress estimation

Attendance - 3 points

Prctical skills - 26 points

Academic activity - 10 points

Colloquium – 12 points

Presentation of essay— 9 points

3. Schedule of lectures and practical lessons for the current semester / academic year

Group	Time table	Examination
1	2.03.20 - 19.03.20	20.03.20
