31. Retromadibular fossa.
32. Facial nerve.
33. Branches of the facial nerve.
34. Auricotemporal nerve.
35. Parotid duct.
36. Projection of parotid duct
37. Layers of the buccal region.
38. Vessels and nerves of the buccal region.
39. Facial artery, its projection and anastomoses
40. Facial vein.
41. Deep region of the face
42. Connective tissue spaces of deep region

43. Infratemporal region
44. Maxillary artery and its branches.
45. Mandibular nerve and its branches
46. Pterygoid plexus and its tributaries
47. Cranial nerves
48. Cranial nerve N 1, clinical syndrome during injury of this nerve
49. Cranial nerve N 2, clinical syndrome during injury of this nerve
50. Cranial nerve N 3, clinical syndrome during injury of this nerve
51. Cranial nerve N 4, clinical syndrome during injury of this nerve
52. Cranial nerve N 5, clinical syndrome during injury of this nerve
53. Cranial nerve N 6, clinical syndrome during injury of this nerve
54. Cranial nerve N 7, clinical syndrome during injury of this nerve
55. Cranial nerve N 8, clinical syndrome during injury of this nerve
56. Cranial nerve N 9, clinical syndrome during injury of this nerve
57. Cranial nerve N 10, clinical syndrome during injury of this nerve
58. Cranial nerve N 11, clinical syndrome during injury of this nerve
59. Cranial nerve N 12, clinical syndrome during injury of this nerve
