THE DEPARTMENT OF PEDIATRIC NEUROLOGY

The Department of Pediatric Neurology was established in 1931 by Professor Svimon Kipshidze. Academician Petre Kavtaradze also worked at the department. Dentistry and San-hygiene faculties were united under the Neurological Disorders Department of Pediatrics, San-hygiene and Dentistry Faculties.

The department was headed by Professor Nikoloz Popkhadze, Prof. Sophio Ehlukidze, Prof. Nodar Kavtaradze and Assoc. Prof. Giorgi Natriashvili. Author of books in neurology, Prof. Akaki Zoidze, Assoc. Professors Neli Tokhadze and Bidzina Mindadze also worked at the department.

The academic staff of the department has been involved in diverse scientific and clinical activities. They have organized free of charge examination and diagnostic activities in various parts of Georgia, taken part in conferences and congresses and published recommendations about actual problems in pediatric neurology.
